Descriptions:

1. There are 3 kinds of banana boats: single lane boat, double lane boat, fly fish boat. This one is double lane boat.
2. The banana boat and flyfish is airtight products which need to be inflated by air pump only one time. Its material is 0.9mm PVC Tarpauline from Plato Factory which is not easy to tear off.
3. Our banana boat and flyfish is with the anti-collision strip and special design for D-ring.
4. Our D-ring is pasted inside the banana boat and flyfish strongly which is not easy to fall down. There are bumper strip on the flyfish and banana boat to avoid the collision.

Advantages:

1. Imported miller welding machine which has stable welding temperature, so the boats will not be over welded or less welded and more durable.
2. Reinforced strips both inside and outside the welding seams make the products have better airtightness and more durable.
3. Commercial grade and durable 0.9mm PVC tarpaulin fabric+2.0mm PVC tarpaulin fabric for bottoms.
4. Durable and very strong Handles
5. Safety Valve keep air well inside and not leaking
6. 5cm travel lanes are strengthened to provide extra durability.
7. Stainless steel and not get rusting, can be used on salt water.
8. Strength and lasting quality.
9. Come with Safety Warning.
