Advantages:

1. high durability material
The best material is very important for the games and fishing boat. all inflatables of king inflatable are made by high durability fire-retardant SGS tested pvc tarpaulin, which has 3 layers, two coated side with a strong net inside
2. professional machine
king inflatable technical staff has over 10 years experience in stitching product, we use high quality professional inflatable sewing machines imported from Japan, the computer-controlled cutter all imported from USA. the product we stitching is delicate and safe.
3. perfect & safety artwork
we imported painting machine, the quality of print ink meets the standard of SGS. further more, we make a liquid protecting film on the surface of digital printing. the high level painting makes our products will not be sticky and color fade, but sustain for a long time. and logo is ok to print on the products.

Maintenance & Storage:

1. Make it clean, disinfect and clean it regularly .
2. Must check products before using, when finding the damage you must mend it in time .
3. When carrying it , you should avoid dragging and fraying it on concrete or other rough surface which will result in leaking .
4. After use, please remove sundries. Make sure products is dry .

Photos:

With a safe and secure cockpit style ride, the Ejector seat series is great for Kids and adults alike. The inflatable floors ensures that your ride is as comfortable as can be, together with the inflatable ridges on the underside, the Ejector seat will hydroplane at speed.
