The advantage of our Inflatable water slide:

1. We add reinforcement strips for all our slides, so the items have good airtightness and more durable.

2.For parts like anchor rings and handles, we use the big high frequency welding machine to weld on the products instead of glue on by hand. The parts and the main body are fused together so the quality is very stable and will not peel off.

3.We install high quality air relief valve madein on our slides, so the items can release air to a safety level automatically when it's getting hot in the noon.

Our service:

1.Professional Printing Service

We bring in professional HD printer for product printing and the printing result can reach 1400 DPI. Besides, oil coating protection is added to resist UV, aging and scratching, which ensures a long-lasting company and brand profile.

2.Professional Automatic Cutting Machine

We have the longest Automatic Cutting Machine in this field. Which gurantee high speed and large production capacity for our production and good leadtime for our customers.

3.Professional Design Team

We have a team of designers who are professional in inflatables toys design from the customerized design effective drawing to the production pattern. We can design and produce any inflatables matching your needs, your budget, your project. All you have to do is to communicate with us straightly and we will do the rest for you!

Packaging & Shipping:

Not only do we focus on our products quality themselves, but also we pay attention to other details like packing these years; Based on our years experience, we always provide our customers the best packing like following so it can provide much convenience & save much time for customers later, and even it can avoid wrong delivery or damage from port careless or wrong operation.
