Accessories	1. CE/UL air pump 2. Repair kits ( material, glue, bag, etc.)

#### Advantages:

1. This inflatable water trampoline is airtight products which only need to be inflated by air pump one time. Its material is 0.65mm and 0.9mm PVC Tarpauline from Plato factory which is not easy to tear off.
2. Trampoline is normally size 3m,5m or more. Diameter 3m is usually made by spring, diameter over 5m is usually made by steel.
3. Trampoline made from teal has a better elasticity, and a longer life span.
4. Besides, We make reinforcement for water trampoline and We make a special design for velcro and D-ring. Velcro is with one sewing line to reinforce and D-ring is with PVC Tarpauline inside and outside, which is hard and not easy to fall down.
5. Our handle is also with string and PVC Tarpauline outside which is very hard and not easy to corroded by sea.
6. All seams are heat-welded for maximum strength and doubled at key stress points.
7. very side equipped with thick "O" anchor point, it's used to fix the water trampoline on the water bottom and remain steady;
8. Repair kits, Package bag will be provided.
9. Customer's logo can be printed.
10. Sample time: 7 days after received the sample fees.
11. Client's design, size will be available.
12. Inflatable items are packed with strong PVC tarpaulin bag , so that your goods will not be frazzled during delivery process.
13. blower are packed with carton
