Product Description

0.9mm PVC Tarpaulin Large Inflatable Water Toys , Outdoor Water Theme Park

we use customized 0.9mm 28*26 PVC tarpaulin, which is more durable, more comfortable, less creases after packing and easy to clean. **Reinforcement**. We make reinforcements at every weak points like welding seams, inside baffles, conner ect. **Durable anchor ring**. For anchor ring, we use 316 stainless steel material which last longer than other metal in water. **Durable parts**. All our parts like handles, anchor rings are welded instead of glue, it's not easy to peel of **Stable Connection System**. Bouncia created originally eyelet connection system and anchor ring connection system which make the whole park very stable.

Product Strengthes:

- 1 The brand of the material we use is PLATO CHEMICAL which is the best and biggest raw material supplier in China.
- 2 The products will be finished by double stitching or sealed ,and all the key areas will be reinforced.
- 3 All the products can be customized,including material ,size ,logo ,printing ,design and so on.
- 4 The material will be cut by machine not by hand,so we can offer you a fast delivery.
- 5 More than 10 years' production experience and many rich-experienced technical workers,so you can get best quality products.
- 6 5000 workshop ,advanced imported machine and best quality accessories.
- 7 Before shipping,all the items will be tested sricltly to make sure it works well.
- 8 Advanced auto machines and trade assurance for the goods' quality and on time shipping.

Advantages of water game:

1. We add reinforcement strips for all our products, so the items have good airtightness and more durable.
- 2.We install high quality air relief valve madein on our water parks, so the items can release air to a safety level automatically when it's getting hot in the noon.
- 3.For parts like anchor rings and handles, we use the big high frequency welding machine to weld on the products instead of glue on by hand.The partsand the main body are fused together so the quality is very stable and will not peel off.
- 4.Stable Connection System. King Inflatable created originally eyelet connection system and anchor ring connection system which make the whole park very stable.

FAQ:

Q: How do you start the order and arrange the delivery?

A: we will start to produce your order after receiving the 50% deposit, when the order is finished, we will test and email the photos to you for confirmation and ask you to send the balance, then we will ship it to you after receiving the balance.
