Advantage:

Printing: Digital print, silk print, or hand painting. The high level painting makes Topfun product will not be sticky and color fade, but sustain a long time. And it print quickly and in good quality. Further more, we make a liquid protecting film on the surface of digital printing..

Blower/Pump: CE air pump: 220V; UL air pump: 110V

Strong package bags: We spread air out to help deflation before roll the game, then put a band belt outside to tie it. We will use tarpaulin bag which is same material as the games to package the units. So the packages will not be frazzled during delivery process. For big units, we will make extra handle band outside of the packages. In order to let you find your goods quickly, we will paste a mark paper with your order number.

Accessories: Repair kit(material and glue),air pump,carry bag, minimal rinsing and one load larger than it actually is (i.e. small load should be set to medium load).

Blueprint will be provided before production to let you confirm.

Take nice and clear photos when production finished and show you, then well packed and deliver.

We will show you every step of installation when you're not familiar with our products.

If you meet with any question please contact us, we will service until you satisfied.
