Product Description

7 m Long Portable Outdoor Movie Screen / Inflatable Movie Screen For Outdoor Cinema

Descriptions:

If you're looking for a screen to watch the occasional backyard movie, this is the one to get. It's lightweight, very portable, and setup is easy. The screen surface comes folded and it's very prone to wrinkles, so I recommend rolling it up after the first use and storing it separately.

The material is 0.6mm PVC tarpaulin, it's heavy duty SGS certificated with fire retardant and cold-resistant features, also through UV and RoHS test. It's the most popular material for producing airtight inflatables.

We can customize for your need. You can choose any colour, any design, any size, just send us your self design picture, then we will submit a perfect project for you. Choose professional inflatable manufacturer, you will save more money and time when you get the inflatables in future.

Advantage:

1. Zipper With Flap:

Unlike others, King inflatable sells products that are easy to use. For example, the deflation zipper utilizes a velcro flap that covers the zipper, thus, less air is lost and zippers are not exposed to abrasion or mischief.

2. D-rings For Safty Fixed:

Take a close look at the construction of the "d" rings in the products we sell. A tether system is only as strong as its weakest link. Tether points on the inflatable are extremely durable. The "d" ring tethering System have been laboratory-tested by Professional Engineers for use on all giant slides and all other types of inflatables.

3. We test each product for 3 days to ensure the inflatable product seamed/sealed exactly well.

4. We provide repair kit for free, which including material and mucilage for repairing in case

5. Once order is finished, we will take pictures with every details and send those pictures to clients for check. We can even take video for clients;

6. Excellent after-sale service to make sure of your satisfaction.

7. About product: There are three projects for your information. Firstly, we have our own models, and any workable artwork or logos can be added per your requirements. Secondly, you put forward your idea, we will be able to make your idea as a real artwork, with our professional designer team.
