Description :

this products contained two part: cabin door and main chamber. You can put in your shoes and hats in cabin door. The main chamber is the main activity area, and you can put a piece of bed with size of 1.5m x 2m.

its design concept is that Using low energy and less materials brings great comfort and harmony between people and the environment.

Enjoy the pleasures of 360 degrees of sight seeing by camping in transparent bubble tent. It can be easily installed in parties, parks, amusement centers, backyard, gardens. Cheap inflatable bubble lodge for outdoor camping and beach sight-seeing. Built from UV-reflecting recyclable materials, these structures can be set up in a matter of minutes and create a romantic atmosphere.

As the bubble ball must be constant blowing type , it needs to be inflated constantly by blower connecting electricity , so that people can stay a long time inside the tent ; the tunnel must be airtight type , it only need to be inflated one time , so that people can get into and out at any time , so this bubble tent needs a air pump and a blower.

Advantages:

High quality and best after-sale service

PVC inflatable products are airtight closed structure, it is soft and comfortable.

Configuration safety inflatable valve , full charge once, you can exhaust many times use, durable.

After deflating then folding packaging, lightweight and convenient, easy to carry,not occupy storage space.Product surface smooth, easy to clean and sanitary.

our D-ring is stronger than others and they are closed. It is safer to use. And our D-rings are stainless and anti-corrosion to be used in water area.

Strip: we have special design with strip. This is for stereotypes. It is often in 840D oxford cloth or PVC material. It depends on which one is more suitable.

Blower/air pump: we would send a most suitable blower for your products. We would consider the problems about plug, wattage, voltage and so on. Our blowers are approved by CE, UL certifications and so on.

We provide repair kit for free,which including material and for repairing in case.
