Descriptions:

This Adult Inflatable Swimming Pool is airtight type , you only need to inflate it once with air pump connecting electricity , then it can keep about 10 days . The size of the pool is 20x15x1m , it can be placed outdoor or indoor for kids' playing . Of course , you also can customize other sizes and colors if you need .

1. Inflatable swimming pool is airtight product , not constant blowing type , It is only need to be inflated once . because they are welded by high frequency machine . Don't worry , the workmanship is also very good , strong sealing , what's more , reinforce a strip at the connecting place between the bottom material and the tubes , to bear a very big stress from water in the pool , besides , for the connecting side on the tube , we usually use one extra material to seal it again , to make the tube enough strong .

2. All the material is real plato material, PVC Tarpaulin has 3 layers ,with double coated side with a strong net inside , It can be waterproof and fire-retardant , with CE,EN14960,SGS,EN71,ROHS certificates , good quality and durable. Its thickness is generally 0.4/0.45mm , 0.55mm , 0.6mm and 0.9mm , For inflatable swimming pool , we usually use 0.9mm , real and best material from plato .You know , best material is very important for all the inflatable products .

Application :

This swimming pool can be as private family amusement park for kids , you can buy some boats , bring kids more fun . If you are businessman , you can buy more pools and some other inflatable water products , such as water slide , water park , water ball ,water rollers etc , to sell them at your local . more products , cheaper price .

Advantage:

1. OEM accepted , different shapes, sizes, colors ,logo can be customized
2. Hot welding by high frequency machine
3. Very strong and safe
4. Long life , use 3 years at least
5. Digital printing and perfect artwork
6. Round pool can bear a bigger stress from water
7. High durability and best material , 0.9mm PVC Tarpaulin
8. Easy to get it repaired , only need spare material and glue
9. Cheap price and good quality
