Create a safe and fun five a football court for matches which can be set up in less than an hour. The two ends of the stadium are two mesh fences. The huge football field prepares for your big event, indoors and outdoors. This game can be set up on any surface. The Inflatable Football Field is an interesting area for kids or adults where you will get fun and excitement.

We mainly design, produce and export all kinds of commercial grade PVC inflatable product, if you want any design inflatable slide, bouncer, advertising, idea etc, you can just send a picture or simple drawing to us.

1)Material: 0.45-0.55mm (650GSM/18oz) PVC Tarpaulin, fire retardant, water-proof and lead free, with high tensile strength, abrasion resistance and excellent flexibility. Our PVC Tarpaulin resists high temperature, rain, snow (-40° C), can jump 100000-200000 times at least, and has passed CE, EN, RoHS, SGS, ISO, ensuring high quality and long life time.

2)Stitching: Double & quadruple needle safe stitching & quadruple stitching with strong thread everywhere to make sure the inflatables are strong enough. And we make enough airflow zipper for each inflatable, so they can help you deflate the inflatable more quickly. We do reinforcement for all the zipper joint.

Advantages:

1. A strict quality management system.
2. Independent printing, producing and packing department.
3. Each department with a professional QC.
4. All products must be inflated for 24 hours before deflating and packing.
5. Professional design team, advanced technology and equipment.
6. Large numbers of technical workers to ensure the timely delivery.
7. Double stitching throughout the unit with triple stitching.
8. Quadruple stitching in key areas inside the base of the unit.

Applications:

For rental business, amusement park, family use, school, playground, and other commercial purpose business, advertising, party, club, park, square, outdoor activity, resell, exhibition, backyard fun, widely be used in outdoor and indoor.
