Descriptions:

People only have knowledge about inflatable toys like jumping castles, inflatable obstacles, inflatable fun city and other inflatable toys that can be placed on land only. But as the technology is moving with the high boost and every sector is now technology dependant and so is the case with inflatable industry.

Formerly,only inflatable toys were there only that can be placed on land only and in parks. But today we can see that there are huge inflatable toys that are placed in swimming pools and in sea sides also.

These inflatable pool toys and huge sea toys can place in the water and it will add up a great fun for the trip and also maximize your fun time. You need to place it over the water make the slide directly from there and enjoy your picnic at its best. Come and join us!

Materialwe use: It is made of plato 1.0mm pvc.All the material we use is from PLATO CHEMICAL which is the best and biggest material supplier in China.The material has been certificated by CE,EN14960,SGS,EN71,ROHS .
