- 4.specifications can follow your request.

FAQ:

1 Is it fire retardant ?

Yes ,our material is fire retardant and water proof.if you have other special request,such as resist UV, Meet NFPA 701 standard etc.It also okay.but price will more expensive

2 Did it can resist strong wind ?

Yes,at first the big tent weight is heavy,not easy to blow down or blow away.meanwhile there are many D-ring on the bottom and top for you to fix.Next our design meet the gas flow mechanics

3 The size is big /same,not suitable for me.could we can customize?

it is no problem. It can be customized according to your requirement such as size ,logo,color ,printing etc.Of course ,if you not like the picture.please send a picture to us,then we make it according to your picture

4 How about the design?

There are three projects for you information.

Firstly, we have our own models, and any workable artwork or logos can be added per your requirements.

Secondly, you put forward your idea, we will be able to make your idea as an real artwork, with our professional designer team.

Thirdly, you offer the full details including specification & sketch, a quotation will be sent to you very soon.

5 What accessories come with the inflatables?

The accessories include its repair kits (including the same color material, glue, needle and thread); packaging bag. CE/UL blower and video demo will be sent upon your request.
