Product Description

Airtight Outdoor Pink / White Inflatable Yacht Slide Water Toy For Boat Use

Descriptions:

Airtight inflatable water games are made by high quality materials and advanced welding machine to ensure high quality, just one time inflation will keep air well to last for a long time even under extremely low or high temperature. These inflatables are usually used as toy games for water parks, open seas, lakes, pools, etc. Any sizes, shapes/designs, colors we can work them out according to customer requirements. We add reinforcement strips for all our slides, so the items have good airtightness and more durable. For parts like anchor rings and handles, we use the big high frequency welding machine to weld on the products instead of glue on by hand. The parts and the main body are fused together so the quality is very stable and will not peel off. We install high quality air relief valve on our slides, so at hot noon it will release air to a safety air pressure level automatically.

Applications:

inflatable aqua slide be widely used as summer water park, water game parks, sun cold paradise amusement water park, pool, lake and sea for outdoor use
