Product Description

Outdoor Inflatable Dome Tent , Blue Inflatable Event Tent With Blower

Descriptions:

Inflatable buildings can be extremely useful at events.

An inflatable building can be much quicker and easier than assembling a large tent. The inflatable nature of the buildings also makes them several degrees warmer than the outside temperature in cold conditions, or they can cool a hot area. In extremes of climate they can provide much better working environments to increase productivity

We can custom make any inflatable building to suit your requirements.

- 1, Water proof,lightest fabric, can be used in the rainy and sunny days.
- 2, blowers working all the time, to supply a constant air for the dome.
- 3, Many D rings around the bottom and top as anchors with rope to tie a weigh, in case of strong wind to blow it away
- 4,fake dome, for display only, no people would get inside
- 5, 8 white frame tubes / posts , and ground tube to form the shape, it's very strong
- 6, Reinforced double stitching everywhere

Applications:

inflatable trade show event tent can be widely used as warehouse, trade show booth, event display etc whether temporarily or permanently, both indoor and outdoor use, rental or resell business.
