This product is made by advanced professional machines from durable PVC with waterproof, fire resistant, anti-uv, this make sure it has a top quality. Blowers are met CE/UL certification, enough quantity D-ring on bottom and roof for rope to tie with heavys, this make sure it has stable fixture, D-ring and anchor are S/S.

FAQ:

1 Is it fire retardant ?

No,the tent is not fire retardant.Just water proof.But we add a layer fire retardant material at the bottom, which can protect it.

2 Did it can resist strong wind ?

Yes,at frist the big tent weight is heavy,not easy to blow down or blow away.meanwhile there are many D-ring on the bottom and top for you to fix.Next our design meet the gas flow mechanics.

3 How to set up

Spread out the tent, and find the blower mouth.connect blower and blower mouth,turn on it. Next need some people to lift the roof up, then it will set up fast. of course ,If need ,we also can supply video or sit guide for you to set up.

4 What is the asseccories ?

Air blower and repair kit. If by sea ,will put glue inside. if by air or by express,will not .because glue can't be transport by air or by express.
