Descriptions:

This product is a good product for outdoor party or exhibition, it have many good characters are as follows.

- 1, Water proof and fire resistant, can be used in the rainy and sunny days.
- 2, Many D rings around the bottom and top as anchors with rope to tie a weigh, in case of strong wind to blow it away
- 3, Inside with hooks for hanging something, air condition cable, lights or small things, each hook for ≥ 10 kgs, top no more than 50kgs.
- 4, If under the sun, must not inflate it 100% full, because the air inside would expend to make all the joins too big pressure to stand. 90-95% full is the best. In the night, the air would become cold, and cold contract, the tent will because soft, but it's ok, it can stand it self.
- 5, Reinforced welds, inside the strips is formed by high frequency machine, fully join together with the tent.

Product advantages:

1. We add reinforcement strips for all our tents, so the items will be more durable.
2. For parts like anchor rings and handles, we use the big high frequency welding machine to weld on the products instead of glue on by hand. The parts and the main body are fused together so the quality is very stable and will not peel off.
3. The product is low cost, easy and convenient to install and move. It is available in various great designs and a wide usage.
4. Safe zipper flaps for quick deflation or sandbags, the zipper flaps can be made internal or external, with velcro covering.
5. We supply good quality blower motors and air pumps for inflation, correct plug for customer's power input.
