#### Product strengthes:

- 1.All our products are comply with ROHS , CE , EN14960 , CE , UL, so they are suitable for selling in European, USA market. And you don't worry about the custom clearing.
- 2..Workmanship: all seams are doubled and fourfold sewed at stress point such as on the corner or bottom. so the items have good airtightness and more durable.
- 3.For parts like anchor rings and handles, we use the big high frequency welding machine to weld on the products instead of glue on by hand. The parts and the main body are fused together so the quality is very stable and will not peel off.
- 4.All sensitive position are reinforced where applicate 4 stichese in 1 inch to ensure our inflatables strong enough, avoid tearing easily.
5. We use good quality thick PVC material for inside drawstrng which help form more beautiful inflatable shape. Thick PVC material will be more durable and can last life span longer.
- 6.All edges will be hemmed inside with PVC tarpaulin to reduce air leak. So you don't need so many blowers to work at same time.
- 7.Our water slides were made with a backflow flap to slow down the air leak even the blower failure. So it will ensure the players safety.
- 8.Logo:Digital printing or slikcreen ,Customers' website ,contact information easy printing,easy for ads.
- 9.Our Package:great package:Heavy-Duty PVC Tarpaulin Carry Bag for Inflatables and Exported Standard Cartons For blowers. Good package is very important to protect goods from damage during transporation.
