Advantages :

1. All our materials are purchased from Plato factory , Wibit special material -- Wibit 0.9mm PVC Tarpaulin , more expensive than general 0.9mm PVC Tarpaulin . We can send you some materials for your testing .
2. Welded strongly with high temperature machine and some experienced workers . Besides , reinforced a extra strip on all seams , stronger and more durable .
3. Intalling reducing pressure valve . When your temperature is very high to some extent , this reducing presure valve will make the product deflated automatically , in case of the product would blast because of the high temperature .
4. Strong D rings and handles , it is very difficult to tear them off .

Product applications:

Inflatable water park can be widely used as summer water park , River,pool and water game parks, sunshine paradise amusement water park , for outdoor use , outdoor entertainment , backyard fun , festivals and carnivals , schools and daycares , churches and youth groups,corporate picnics and functions, grand openings and promotions , family use rental or resell business. and so on.

Workmanship:

- 1) Reinforcement. We make reinforcements at every weak points like welding seams, inside baffles, corners, connects etc.
- 2) Durable anchor ring. For anchor ring, we use 316 stainless steel material which last longer than other metal in water.
- 3) Durable parts. All our parts like handles, anchor rings are welded instead of glue, it's not easy to peel off.
- 4) Stable Connection System. Bouncia created originally eyelet connection system and anchor ring connection system which make the whole park very stable.
