Product Description

Red Firetruck 0.55mm PVC Inflatable Jumping Castle With Slide For Kids

Description:

Children can jump, climb and slide on this beautiful Multiplay bouncer with a fire department theme. The unique design with two entrances and a slide in the middle makes it a real eye-catcher. Various 3D objects have been placed inside the inflatable, which children can crawl over and under. The inflatable is covered, so it can even be used during a rainy day. Parents can supervise through the conveniently placed nets. Everything has been thought of. With the Multiplay Fire Department you will give children a great day!

You can easily setup this Multiplay with fire department theme within 10 minutes. Whether it is during a birthday, anniversary or other festive event. The Multiplay firetruck jumping castle is supplied compactly in one part and is therefore easy to transport to the place of destination. The inflatable is supplied including a blower, anchoring material, transport bag and a clear user manual. This way you have everything together for a great experience.

Advantages:

1. High quality Plato PVC is used for all our jumping house, Water Slide, football field, obstacle courses, Commercial Bounce Houses and tents and other inflatable advertising products. Our material Non-stimulative to skin, non-toxicity and non-taste. You could be at ease use. Just make fun for the world.
2. Sewing: Commercial grade sewing style, Double-stitched reinforced seams and jump surface
- Inflate and deflate: Easy to set up and take down within 5 minutes
3. Blower: Powerful blower with CE&UL certificate and correct plugs
4. Anchor or D-ring: Anchor or D-rings to keep stability and safety
5. Quality control: Very strictly test and 100% inspection before delivery
6. After-service: 100% responsible for faults of quality under correct use
7. We support digital print, silk print and hand painting.
8. We could print anything what you want, what you need very clear and lively. Because we use the best quality printing machine, it prints very quickly and in good quality.
9. The high level printing makes product will not be sticky and color fade, at the same time can help product picture sustain for a long time.
10. Strong design ability. We have a professional R&D team, best design according to your demand, and 3D drawings to you for confirm before production, to make one and only inflatable for you.
11. Perfect after-sales service system. Our inflatable products can be used for more than 24 months. If it is damaged, you can use the glue and material to repair it. Because it is too long distance to ship goods back, we will send a kit bag for every inflatable product.

Workmanship:

- 1) Reinforcement. We make reinforcements at every weak points like welding seams, inside baffles, junctions.
- 2) Durable anchor ring. For anchor ring, we use 316 stainless steel material which can last longer than other metal in water.
- 3) Durable parts. All our parts like handles, anchor rings are welded instead of glue, it's not easy to peel off.
- 4) Stable Connection System. Our company created originally eyelet connection system and anchor ring connection system which will make the whole castle very stable.

Packaging & Plugs:

1. For the finished products, we packed with strong PVC tarpaulin (same to the products). The PVC tarpaulin bag is durable enough to bear the impact during shipment. In order for you to find the products quickly, we have printed our company's logo on outside of package bags.
2. Blower or air pump are packed By PVC bag or carton which suitable for shipment, also been marked outside of the package, so that you can find them quickly and correctly. Different countries have different voltage and different plugs, it will much appreciated if you can tell us what type plug you want, and then we will supply the plug suitable for you.
