Product Description:

Inflatable event tent is a new and popular products, and with the other advantages such as good apperance, bright color, much cheaper than concrete buildings, moved around easily and conveniently, so it will attract people's interest, and it will be a perfect eye catching product for you.

Inflatable event tent includes the following characters.

- 1, Water proof, anti-UV and fire resistant, can be used in the rainy and sunny days. White proof can reflect most of sunlight and heat, cool down the inside.
- 2, Many D rings around the bottom and top as anchors with rope to tie a weight, in case of strong wind to blow it away.
- 4, Inside with hooks for hanging something, air condition cable, lights or small things, each hook for >=10kgs, top no more than 50kgs.
- 5, If under the sun, must not inflate it 100% full, because the air inside would expend to make all the joins too big pressure to stand. 90-95% full is the best. In the night, the temperature would turn low, and cold contract, the tent will become soft, but it's ok, it can stand it self.
- 6, Reinforced welds, inside the strips is formed by high frequency machine, fully join together with the tent.

Our product's advantages:

- 1). We add reinforcement strips for all our tents, so the items will be more durable.
- 2).For parts like anchor rings and handles, we use the big high frequency welding machine to weld on the products instead of glue on by hand. The parts and the main body are fused together so the quality is very stable and will not peel off.
- 3).The product is low cost, easy and convenient to install and move. It is available in various great designs and a wide selection of bright colors.
- 4).We are a manufacturer of inflatable products, including tent, inflatable decoration, Christmas inflatable models, pneumatic boat, airfilled toys, air mattress, inflatable aircraft,advertising, pleasure toys, fire ballon,recreational facilities, air dancers,etc. So you can get a professional service, top quality product and factory price. These will recover your cost very quickly.
- 5).Customers from USA , UK, Australia, Vietnam,Japan,etc have already established an agreeable and mutual benefit business relationship with us and highly appreciated our professional service.

Quality Control

- 1.Double stitching throughout the unit with triple stitching.
- 2.Quadruple stitching in key areas.
- 3.Extra webbing reinforced strip on all the stress points and interior panels.
4. Photos will be took at each stage during the production process.
5. After finished, will test for hours to ensure its performance is great.

Why Choose Us?

1. Best material is very important for the inflatable tent. Our all inflatable tent are made by high durability fire-retardant PVC Tarpaulin, which has 2 layers pvc coat and 1 layer net.
2. 10 years experience in inflatable industry.
3. Professional manufacturer and factory direct sale.
4. Technical design team to guarantee best design.
5. Exquisite workmanship combined with good quality.
6. Rich experience in cooperating with many famous brands.
7. Our products have been sold to more than 70 countries all over the world.
