Descriptions:

This water slide will combo with swimming pool to form a water park. It consist of double ladders, bouncer and single lane slide, it has a great curve which will make the slide more excellent! You can climb up to the slide platform, and choose to jump on the bouncer or climb upto the top for sliding down, how amzing design is it! It is a really play paradise for both adults and kids! It is widely use for rentals, water park, business events and backyard fun etc.

High quality materials are essential for producing inflatable products.All of the raw materials we used are originated from PLATO the best material supplier in China. All of the raw materials we used have passed EN7-2-3, EN14960. This product has professional fixation design meets ASTM, safety rules in front or side to remind or warning kids or how to play.

If you have no a blueprint while you know what kinds of inflatables you need, do not worry at all, our designers will work with you from your initial concepts to the prefect inflatables came out.

Design and Material:

We focus on our design and production. Safety is our Mission. All the products are designed for your special requests.More than 2000 different designs are available for your choice.

Our material is commercial grade PVC tarpaulin. It is water-proof, fire-retardant, UV-treated and passed SGS certificate. It has mesh fabric with PVC coating to provide the material higher strength and flexibility.

Our advantage:

1. OEM/ODM are warmly welcomed. We also offer different size, color, logo, design according to your requirements.
2. Best material is very important for the games. All inflatable games are made by high durability fire-retardant PVC Tarpaulin, which has 3 layers, two coated side with a strong net inside. Our material has been approved by the SGS.
3. We sew double stitching everywhere, with quadruple stitching at bottom stress point. Double stitching inside and double stitching outside, and to make sure the inflatables are strong and durable enough.
4. Digital print, silk print, or hand painting are available. We have top skilled worker to apply the artwork and printing. We imported painting machine, it print quickly and in good quality. The quality of print ink also meets the standard of SGS. Further more, we make a liquid protecting film on the surface of digital printing, the liquid protection is also imported from abroad. The high level painting makes our product will not be sticky and color fade, but sustain for a long time.
5. Certificated Blower:
 - 1) CE blower spec. 220V, 50HZ, 1.5HP Euro plug, plug can be customized.
 - 2) UL blower (110V, 60HZ) for USA area using, plug can be customized too.

6. Quality Control

We have professional design team, skilled workers and strict QC management, these will guarantee good quality for inflatables.
