Our product's advantages:

- 1). We sew extra reinforcement strips for all our sewn products, so they will be much more durable.
- 2). For parts like anchor rings and handles, we use the big high frequency welding machine to weld on the products instead of adhered by glue. The parts and the main body are fused together so the quality is very stable and will not easy to peel off.
- 3). The product is low cost, easy and convenient to install and move. It is available in various great designs and a wide selection of bright colors.
- 4). We are a manufacturer of inflatable products, including inflatable tent, inflatable decoration, Christmas inflatable models, pneumatic boat, airfilled toys, air mattress, inflatable bouncer castle, advertising, water toys, air dancers, cartoon etc. So you can get a professional service, top quality product and factory price. These will recover your cost very quickly.
- 5). Customers from USA, UK, Australia, Vietnam, Japan, etc more than 78 countries all over the world have already established an agreeable and mutual benefit business relationship with us and highly appreciated our professional service.

Workmanship:

- 1) Reinforcement. We make reinforcements at every weak points like welding seams, inside baffles, connerect.
- 2) Durable anchor ring. For anchor ring, we use 316 stainless steel material which last longer than other metal in water.
- 3) Durable parts. All our parts like handles, anchor rings are welded instead of glue, it's not easy to peel off.
- 4) Stable Connection System. we created originally eyelet connection system and anchor ring connection system which make the whole toy very stable.

Package and Plugs:

1. For the finished prodcuts, we packed with strong PVC tarpaulin (same to the products). The PVC tarpaulin bag is durable enough to bear the impact during shipment. In order for you to find the products quickly, we

have printed our company's logo on outside of package bags.

2. Blower or air pump are packed By PVC bag or carton which suitable for shipment, also been marked outside of the package, so that you can find them quickly and correctly.

3. Different countries have different voltage and different plugs, it will much appreciated if you can tell us what type plug you want, and then we will supply the correct plug to you.
