Advantages:

1. The company has more than 10 years production experience, and exporting as many as 80 countries.
2. We have a professional design team and responsible production team.
3. All the products use the best material in China. Inflatable products use double needle technology, closed air products use high temperature thermal bonding technology. In the production process always adhere to use of the latest technology.
4. The products will be tested for at least 12 hours before shipment, and the pictures will be taken for customer to confirm the finished product.
5. The products package by durable PVC bag, the blower or pump by carton.

Making Craft:

About sewing, All our inflatable products use double-needle, and in some areas 6-way box stitching to ensure our products will last.

All the products are manufactured to be safe and durable.

- 1, Double-layer material sewn on stress areas like the bottom of the bounce house's pillars, pop-ups, entrances, and high traffic floor seams to build the game stronger and safer.
- 2, Every bouncer will have 8 pieces of big D ring safety anchors at least to make the units more steady and the slide will have more.
- 3, Have reliable commercial grade zippers with cover. All have integrated back flow flaps on deflation zippers to reduce air leak.
- 4, Blank business banner, business card holder, warning sign are available.
- 5, Vivid hand painting and digital printing makes the inflatables more attractive.

Our service:

1. Exquisite workmanship to serve with good quality products.
2. Delivery on time.
3. 1 year warranty with nice after-sales service.
