doing the full digital printing for adv.
different colors, attractive
can print logos, banners or artworks
suitable for outdoor activitives,events, advertising
safe, no injury or hurt to people
easy assemble, move, put it away, in different occasions
it's a colorful with lettering or artworks,attractive

#### Our advantage:

1. High Durability, High Tear Strength, High tensile strength, Flame Retardant, Water proof,Fade proof, Anti-Mildew Treatment, Anti-Static, Excellent UV-Resistant, Cold Weather Resistant, Shrink-Resistant.
2. Hot air welder machine for the entire unit and D-rings as well as ropes for anchorage. Neat stitching, professional stitching machine, durable 12 strand nylon thread which is highly abrasion resistant and rot proof.
3. Our Products edges will be hemmed inside with PVC tarpaulin to reduce air leak. So you don't need so many blowers to work at same time.
4. Double stitching & quadruple stitching; PVC reinforcement strips inside are stitched on all straight seams.
5. Overlapping both inside and outside with yellow straps. Then every pieces can hold each other very strongly, so the inflatables could be used over 10 years.
6. Safe inside air stop flap. Everybody makes an air flap over the air release zip for protection, other than this, we make an additional air flap inside the air release zip, so when there is a sudden cut off of the electricity, it can make the air release slowly, so children will have more time to leave the inflatable.
7. We use good quality thick PVC for inside drawstring which help form the inflatable shape. Thick PVC material will be more durable and can last for use time more long. Heavy duty PVC for inside baffling,usually we call these air room drawstrings. To help form the inflatable's shape.Heavy duty material will be more durable and can last for a long time.
