Descriptions:

The bouncing castle USES 5 colors, each assigned to a different location, creating a very sharp contrast of colors. It looks very dazzling and stands out no matter where it is placed.Four corners have made a rocket like pillars, design fashion is not monotonous.A small slide was added to the front of the castle, adding to the fun of the castle.

1. the step for kids get inside the airplane, it's a long corridor for kids jumping, chasing in the castle.
2. 1 blower tubes for inflating, and release the air if turn off the blowers, 2.1m long openings with zipper and covers , these are fast deflating sets. About 1-2mins to inflate and within 1 minute to deflate it.
3. Many D rings around the bottom and top as anchors with rope to tie a weigh, in case of strong wind to blow it away
4. Kids most attractive outdoor toys, as show in the pictures
5. Reinforced joins, double stitches at all the joins.

Advantages:

1. The company has more than 10 years production experience.We have a professional design team and responsible production team.If you cooperate with us,it will be an unexpected experience for you.
2. All the products use the best material in China,we never cut corners.
3. The product can be blowed up within 3 mins,just need one 680W air blower is enough.
4. Use double-needles stitching technology,more solid.
5. full colors are available,can print logos, banners or artworks.
6. durable, 3-5years usage life span,safe, no injury or hurt to kids.
7. once broken, it's easy to repair, get it fixed and working again.
