## Product Description

### Customized 6 Seats Inflatable Sport Fly Fishing Boats For Adult Yellow PVC

The design of this product is an improvement on the original single flying fish boat. Three rows apart, 2 people in each row, all of us have similar feelings of stimulation. Besides being nervous, we can hold each other's hands and feel the feeling of flying on the water together. The handle on the ship is heat closed by a high temperature thermal bonding machine. It is very firm and can be pulled by an adult all the time. The part of the handshake is protected by plastic, so it won't hurt the hand.

We imported the Auto cutting machine and the heat seal machines to make our products, our workers have over 10 years experience of the inflatable field. We focus on the details of the inflatables, and running a good factory management and quality control.

Fly fishing banana boat: It is a very exciting boat game, people can fly to the sky when the speed is high. There are many stainless D-rings at the back of the boat, then you can use ropes to connect them to a motor boat, very easy.

The material we use for this kind of boat is 0.9mm pvc tarpaulin from the best plato company, high durability and fire-retardant which can meet SGS standard. Except the best material, our workmanship is also very good.

#### Specifications:
