Accessories	Including blowers and repair kits
Certificates	CE EN71 EN14960 SGS ROHS

Single product name	Quantities	Size
swiming pool	1	25Dm diameter
water slide	1	7*7m

Details :

1. This Water pool is airtight and need to be inflated by air pump only one time is ok. We make a new design for the pool, our design is the bottom of pool is conncted with the middle of pipe, which is to prevent water inside the gap and crack, also is good for cleaning.
2. We will use 0.9mm PVC Tarpauline to make the water pool for its large size, and 0.45mm PVC Tarpauline to make the water slide. Both are from Plato Factory which are very good quality.
3. If you think boring, you can put some obstacle games on the pool to play.
4. TT, Western Union, Money Garm, and other payment terms can be accepted by our company.

Advantages :

BEST SEWING MACHINES

Using the best sewing machines to handle nylon thread, we use the best PVC tarpaulin as the material. Our sewing use quadruple stitching with 12 shares bonded nylon thread to strengthen the quality. and double stitch the entire unit with the best 18 ounce heavy duty Vinyl.

METAL RINGS FOR FIXATION

Each product will be equipped with thick D rings or O rings to be fixed on the ground and remain steady.

DOUBLE STITCHING EVERYWHERE

We double stitch the entire unit and enhance all stress points at the bottom with fourfold stitching. Both outside and inside are double stitched in order to maintain strong solidity. Every connection part is reinforced by webbing.

SAFE BLOWER PIPE

The blower tube is downward for inflating easily. A blinker in the blower road to prevent dirt.

DURABLE ZIPPERS

Each inflatable will be equipped with a pair of strong zippers in order to be deflated faster and repacked easily after use. We also add a cover above each pair of zippers to help disperse the zippers' stress.

HEAT SEALING MACHINE

We use advanced Heat Sealing Machines to ensure our inflatable products can handle high air pressure and secure for use.

SPARRING

Sparring is added on the bottom base.

CONSIDERATE TIGHT PACKAGES

We provide an appropriate size package bag using the PVC material respectively to make sure the goods will be in good condition when it reaches you even after a long shipment.
