Our advantages:

For the material, we use 0.65mm- 0.9mm thick durable commercial grade PVC tarpaulin.

This water park is airtight products which need to be inflated by air pump. Its material is 0.65mm PVC Tarpauline from Plato factory. It consists of four items, trampoline, beam, spring and slide.

The trampoline size is 4.5DM, which is made of spring bouncer. The beam size is 4*0.65M. The spring size is 4*1.6M, and the slide is 4*1M.

We add reinforcement strips for all our products, so the items have good airtightness and more durable. We install high quality air relief valve made in on our water parks, so the items can release air to a safety level automatically when it's getting hot in the noon.

For parts like anchor rings and handles, we use the big high frequency welding machine to weld on the products instead of glue on by hand. The parts and the main body are fused together so the quality is very stable and will not peel off.

We use auto-cutting machine to cut the material, the cutting lines are 100% straight and accuracy is high, most competitors use hand cutting.

Our Services:

- (1). Your inquiry about our product will be replied in 24 hours.
- (2). We can manufacture the products according to your own design.

FAQ:

Q: How to payment?

Our company accept T/T, Western Union or Paypal. We will fill in our account information on the invoice, you can choose a way which is more convenience for you.

Q: Is it fire retardant and water proof?

Yes, it is fire retardant and water proof. If also other require, such as resistant UV, NFPA 701 etc, it also can help you to customize this material, but price will more expensive.

Q: What is the print process?

All tents can be custom printed to your creative specification. Provide us your artwork on AI or CDR or PS coform, we will draw a 3D design for you to confirm before production.

Q: Can be used it in the outdoor?

Yes,sure .there are some D-ring on the tent for you to fix. it can resist suitable strong wind .meanwhile it is too heavy,not easy be blow away by strong wind.

Q:Could we can customize the tent ,such as size ,color ,logo ,material etc ?

Yes ,no problem.It can be customized according to your requirement. meanwhile if not favorite the model, please send a picture you like to us .then we can help you to make it according to your requirement.

Q:Could you help us to ship / could i can ship it by myself

Of course. if have not forwarding agent in China,we can help you to ship .and we choose suitable shipping way for you reference. If have forwarding agent,then we will assist your agent to ship.
