Product Description

Summer Blue Color 42 Square Meters Swimming Water Pool For Outdoor

Descriptions:

This pool is made of 0.65mm PVC tarpaulin material by high temperature heat sealing technology. It covers an area of 42.3 square meters and can be used outdoors. Compared with ordinary pools, this inflatable water pool has the advantage of being easy to move and not occupying land when not in use. And we use non-toxic environmentally friendly materials.

Advantage:

1. Customized.

We can provide any size, shape, color and detail customization.

2. Double D-ring.

Provide better quality accessories to facilitate product movement and not easy to fall off.

3. High quality material.

CE, UL certified 0.65 mm pvc tarpaulin material with a service life of 1-2 years.

4. One year warranty. Normal use during the warranty period, any product that cannot be used or repaired due to quality problems caused by our production technology, we will produce a new one for you.

5. Packing.

The pool is packed with a strong PVC bag and the air pump is packaged in a standard carton. These packages protect the product well.

6. Air Pump.

The air pump is available in a variety of sizes. No matter which specification you use, we can provide you with an air pump of the right size.
