## Product Description

### 4.2 m Diameter Inflatable Human Whack A Mole Interactive Sports Games

#### How To Play

Introducing our new 7 player game, Human Whack-A-Mole!

To play, 6 players at a time climb into the coloured holes along the sides of the inflatable while the 7th player stands in the centre hole.

The 6 players will try to collect as many of the balls surrounding the middle player as possible, however the middle player won't make it easy for them! They will have an inflatable hammer where they will "whack the moles" to try and stop them from taking their collection of balls. The player who collects the most balls is the winner!
