How To Use The Product

- 1.Place and unfold the product on a flat surface firstly, preferably on a pad (such as carpet, cloth).
- 2.Then, find the air inlet of the equipment, connect it with the air outlet of the blower, and fasten it with a rope.
- 3.Lastly, turn on the blower and the product will blown up in a few minutes.

If you want to put away the product,

1. cut off the power, open the interface and let the air out. Then, squeeze out the remaining gas. If the product gets wet, please remember to dry it up.
2. Do some cleaning. You can use the detergent to wash it, wipe with water, and then dry it in the sun.
3. Fold the product, and cover it with a tarp.

Warning Notes

- 1.Do not place the product near potential fire hazard areas or sharp things which will damage the product. Keep the air pump/air blower in a dry location(without sand).
- 2.To avoid injury, please ensure that the maximum occupancy is observed and controlled.
- 3.To check if the product is damaged or at the risk of being damaged, periodic inspection is necessary.
- 4.Do not use the product in heavy rain, strong wind or other extreme weathers.
