For Safety:

1. There are many D-rings on the bottom of the castle that can be used to secure the product without being blown off by strong winds.
2. Using the double-needle production technology to sew the product, the vacuum of the product is very small. Even if the power is suddenly lost, the castle will not collapse within one minute, so that the children have enough time to run out.
3. All products are inspected before shipment, we ensure that all products are sent out in good condition.
4. Protective fences on both sides of the slide to prevent young children from falling.

How to use the product

1. Place and unfold the product on a flat surface firstly, preferably on a pad (such as carpet, cloth).
2. Then, find the air inlet of the equipment, connect it with the air outlet of the blower, and fasten it with a rope.
3. Lastly, turn on the blower and the product will blown up in a few minutes.

Advantages:

- 1, strong and nice stitches
- 2, with blowers to get it work
- 3, full colors are available
- 4, can print logos, banners or artworks
- 5, durable, 3-5 years usage life span
- 6, safe, no injury or hurt to kids
- 7, once broken, it's easy to repair, get it fixed and working again.
