Description:

1. Material:We use Plato 0.55mm PVC Tarpaulin Material. Plato is the best PVC material supplier in China. So Our material is great quality, Waterproof, Anti-tear, Fire-retardant.
2. Size:25m Long *6.5m Wide x9m Height, and other size can be customized as your requirement.
3. Color, as pictures see,blue color,and any other color also can be customized as your need.
3. Accessories:CE/UL blower,repair kit(Polyerter in various color and glue),ground stakes,instruction manual of product ,carry bag.
- 4.Tread: Strong high tensile and Non-rotting yarn, so it is very durable , the life span can be above 5 years.
5. Warranty :2 years.If toy is broken within 2 years due to non-artificial factors , we can make compensation for you or send repair kits free accordingly.
6. Features: Our material is waterproof, anti-tearing, Fir-resistant , strong and durable.
7. Use Commercial grade anchor,100% stainless steel D ring on products to make sure products fix on ground more stable.And not easily be broken.
8. We use 12-strands thread to double stitching the outside part and quadruple stitching the stress jointing inside part that ensure the quality, reliability, and durability of our product.
9. System: Constantly blowing system. It need blowers inflate the water slide all the time when working. But you also can choose airtight system, which is just need inflate the water slide one time, then can keep more than 10 days. This type system will be more expensive, as it need more thickness meaterial.
10. Shipment Term:EXW/FOB/CIF by sea, DDU by air or by Express.
11. Payment:L/C, T/T or Western Union ,Paypal.
12. Accessory:Repair kit ,Carrying bag,Glue ,Stakes, Ropes ,ground sheet are optional

2. Water parks: Water ball ,water roller ,zorb ball ,water pool , paddler boat , bumper boat , water trampoline,
3. Inflatable advertising , inflatable model ,inflatable arch ,inflatable tent
4. Amusement parks , indoor and outdoor playground
5. OEM is welcome

Advantage

1. All our products are comply with ROHS , CE , EN14960 , CE , UL, so they are suitable for selling in European, USA market. And you don't worry about the custom clearing.
2. Workmanship: all seams are doubled and fourfold sewed at stress point such as on the corner or bottom. so the items have good airtightness and more durable.
3. For parts like anchor rings and handles, we use the big high frequency welding machine to weld on the products instead of glue on by hand. The parts and the main body are fused together so the quality is very stable and will not peel off.
4. All sensitive position are reinforced where applicate 5-6 stichese in 1 inch to ensure our inflatables strong enough, avoid tearing easily.

5. We use good quality thick PVC material for inside drawstring which help form more beautiful inflatable shape. Thick PVC material will be more durable and can last life span more longer.
6. All edges will be hemmed inside with PVC tarpaulin to reduce air leak. So you don't need so many blowers to work at same time.
7. Our water slides were made with a backflow flap to slow down the air leak even the blower failure. So it will ensure the players safety.
8. Logo: Digital printing or slikcreen ,Customers' website ,contact information easy printing,easy for ads.
9. Our Package: great package: Heavy-Duty PVC Tarpaulin Carry Bag for Inflatables and Exported Standard Cartons For blowers. Good package is very important to protect goods from damage during transporation.
10. We control so strictly on the quality, each products should be kept inflated for 3 days before shipment.
