Descriptions:

Whether you are looking to improve the waterfront activities at a camp, resort, country club, or at your own private lake house, our interactive and modular water parks are just the right fit. We carry everything from slides, trampolines, jungle gyms, and many other multi-play inflatable toys, which will keep both kids and adults happy for endless hours at a time.

Advantages :

HP Printing: To reach the best specification of 1440DPI, we use advanced technical machine, the Polaris 512 high precision guide rail trinket printer. After the printing, we will cover a UV protection oil layer to keep the image lasting bright, shining and protect from sunshine.

Quartic Welding: All products inside we make the best reinforcement. Make sure it is quartic welding with flange protection.

High-Quality Bungee: The trampoline we all use the stainless bungee, the trampoline has enough elasticity, and all these are stainless, highly durable.

FAQ:

Q: Can I have a custom design with a personal company logo?

A: For all our inflatables, the customized logo is available. And we will confirm the design with you before production, so you will surely get what you want for actual use, just offer us picture in any format made by PDF or Adobe Illustrator

Q: How many staff do I need to prepare for the park?

A: It depends on the capacity and estimated number of guests. The staff you need is a water park ticket seller, promoter, lifeguards. For example, normally, a 100 capacity park needs 4 lifeguards. The required number of lifeguards may be different in different countries.

Q: What do I need to prepare if I want to open a park?

A: Normally, the main points that you need to prepare is to find a proper water area and apply for the License from your authorities. For permission, different countries or even cities have different rules, you need to check with your local authorities.

Q: How do you start the order?

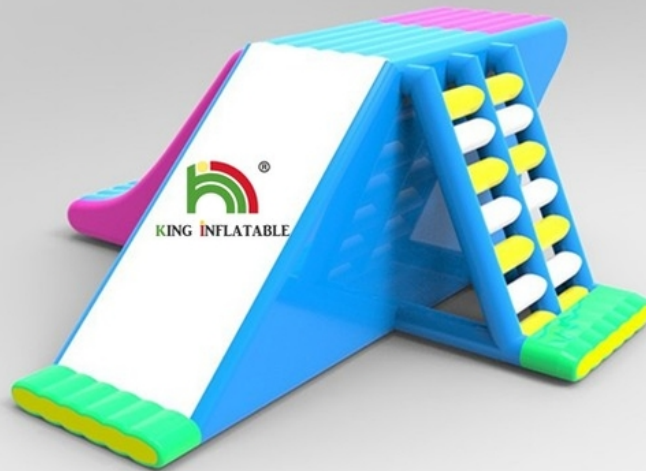

A: We will start your order after receiving the down payment which is 50% of total payment. When the order finished, we will email you the finished pictures. We will send the goods to you after receiving the balance payment.

Q: I can not find a satisfactory combination on your website, can you design according to my water area?

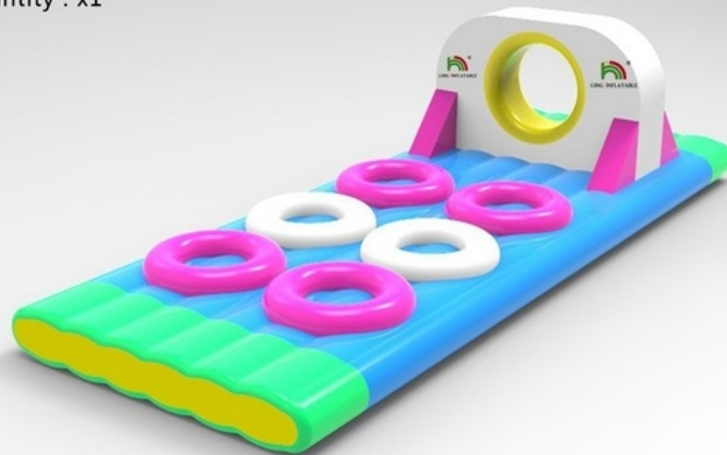

A: Yes, please tell us your water area, water depth, capacity, approximate budget, we will design according to your need.
