Product Description

Orange Space Shuttle 30m long Interactive Inflatable Obstacle Course Sports Games

Describe :

Inflatable obstacle course is a kind of large-scale entertainment equipment which is a true collection of wisdom, strengthen, sports, amusement, competitive and leisure. It's 48 meters long. One of the biggest signs is the Space Shuttle Obstacle Course, the image of launcher and Caterpillar-like channel make it look more distinctive. The color is brighter and more attractive that can make people feel cool. There are five racing tracks, each track with obstacle, a crossbar that needs to be crossed, a few meters long net, a high wall with rocket and a large slide which can make each participant run at their own racetrack.

Installation

1. Place the equipment on the flat ground, it is best to put a pad of cloth (such as felt, plastic ribbon cloth) under the equipment, and then expand it.
2. Find the air inlet of the equipment, then connect with the fan outlet, and fasten the fan port, and then fasten the spare air inlet with rope.
3. Turn on the blower and the equipment will be bulging in 5 / 10 minutes.

Collection The product

1. Cut off the power supply, turn on the fan interface and exhaust port, the exhaust time is generally $10 \leq 25$ minutes, the remaining gas should be squeezed. If the equipment enters water because of rainy days, Be sure to drain the water and dry it.
2. To do cleaning treatment, you can use washing powder to wipe off its stains, oil stains, and then scrub clean with clean water, sun drying can be.
3. Fold the equipment, block the front with the bottom, and cover it with a tarpaulin.
4. If you don't need it for a long time, fold, tie and wrap the clean equipment. The storage temperature is generally $-50 \leq 40$ degrees Celsius.
5. Air blower should pay attention to moisture proof and corrosion prevention. Gas model equipment should pay attention to prevent rat worm bite.

Workmanship advantages

1. Fourfold black reinforced belt, more durable and long lasting.
2. Perfect double stitching, strong to use more than 5 years.
3. High resolution digital printing.
4. Diameter 8mm D ring, more durable and anti-rust.
