Advantages:

High quality and best after-sale service

PVC inflatable products are airtight closed structure, it is soft and comfortable.

Configuration safety inflatable valve , full charge once, you can exhaust many times use, durable.

After deflating then folding packaging, lightweight and convenient, easy to carry,not occupy storage space.Product surface smooth, easy to clean and sanitary.

our D-ring is stronger than others and they are closed. It is safer to use. And our D-rings are stainless and anti-corrosion to be used in water area.

Strip: we have special design with strip. This is for stereotypes. It is often in 840D oxford cloth or PVC material. It depends on which one is more suitable.

Blower/air pump: we would send a most suitable blower for your products. We would consider the problems about plug, wattage, voltage and so on. Our blowers are approved by CE, UL certifications and so on.

We provide repair kit for free,which including material and for repairing in case.

Description :

Workmanship : 1) It is noncontinuous / airtight type , Welding hot air by high frequency machine ; 2) As it is double layers ,with many strong ropes connecting D rings on two sides to form a air layer ,about 4200 D rings ; 3)In order to make it stable and safe , we usually Install some D rings at the roof and the bottom of outside the tent as an anchor to fixed it to the floor , The inner also needs to install some D rings to hang LED lights ; 4) reinforce welding at the joint part

Transparent PVC material : Its fixed width is generally 1.2m , Its thickness is 0.8-1.0mm ; it can be waterproof and strong ,the light transmission is very good , suitable for outdoor party ,exhibition ,meeting or others , besides , you also can choose other colors , such as green , red , yellow ,purple ,blue etc .

For package , we pack it in a roll and put it into a PVC bag ,2 pc air pumps are packed in the carton ; For shipping , you can choose by express , by air or by sea accroding to your needs .

For all the inflatable products (not including accessories) , Our warranty time is generally 1 year .Within one year , if there is any quality problem , our factory will take the full responsibility to get it re-work , If failed , we will make a new one for you .

Actually , when it is broken , it is easy to get it repaired , you only need to use the spare material and glue

Cautions:

1. Product should be far away from the fire.

2. Blower should be protected from rain all the time.
3. Just use soap and water for cleaning the inflatable snow globe. Do not use any kind of solvents.
