#### Our strengthes:

Best commercial material - Material is very important for inflatables. All our inflatables are made from high durability fire-retardant Plato PVC tarpaulin, which has 3 layers, two PVC coated sides with a strong net fabric inside. And the material has passed EN71,ROHS and SGS test.

Firm stitching - We use heavy duty nylon thread to make double stitching everywhere, with fourfold stitching at bottom stress points; double stitching inside and double stitching outside, which make sure the inflatable is strong enough for playing.

Vivid artwork - We mainly have digital printing and hand painting. The quality of print ink also meets SGS standard. Moreover, we make a liquid protecting film on the surface of digital printing, which makes our products not to be sticky and no color fade, but to sustain a long time.

#### Why choose inflatable theme park?
