Have you ever played Angry Birds? Please join this inflatable water park with angry birds theme. with large red bird inflatable and many other characters inflatables and printing. Children can climb, run, slide, jump, and crawl in it with friends. All the materials are commercial grade PVC tarpaulin with reinforced stitching, and good anchoring system design to make this inflatable safer for kids.

Advantages :

1. All our materials are purchased from Plato factory. We can send you some materials for your testing .
2. Welded strongly with high temperature machine and some experienced workers . Besides , reinforced a extra strip on all seams , stronger and more durable .
3. Intalling reducing pressure valve . When your temperature is very high to some extent , this reducing presure valve will make the product deflated automatically , in case of the product would blast because of the high temperature .
4. Strong D rings and handles , it is very difficult to tear them off .
5. There pool design with one layer pool, double layer pool design, pool with tent cover design,another shape of pools are available. You can add the mat at the front of your pool.
6. Since it is inflatable products, it is easy to set up and take down as well as easy for store and transportation

Workmanship:

- 1) Reinforcement. We make reinforcements at every weak points like welding seams, inside baffles, corners, connects etc.
- 2) Durable anchor ring. For anchor ring, we use 316 stainless steel material which last longer than other metal in water.
- 3) Durable parts. All our parts like handles, anchor rings are welded instead of glue, it's not easy to peel off.
- 4) Stable Connection System. Bouncia created originally eyelet connection system and anchor ring connection system which make the whole park very stable.
