Why choice us:

Inflate and deflate. Easy to set up and take down within 2-3 minutes.
 Sewing. Double-stitched reinforced seams and jump surface Commercial grade sewing style.
 Opening. Professional opening for safe and easy to go or out.
 Air tube. Long fill tube for placing blower away from Inflatable Tent.
 Anchor or D-ring. Anchor or D-rings to keep stability and safety.
 After-service. 100% responsible for faults of quality under correct use.
 Netting and mesh. High quality netting or mesh with small holes for safety.
 We test each product for 3 days to ensure the inflatable product seamed exactly well.
 We provide repair kit for free, which including material and mucilage for repairing in case.

Advantage:

1. Products Features

High Durability, High Tear Strength, High tensile strength, Flame Retardant, Water proof, Fade proof, Anti-Mildew Treatment, Anti-Static, Excellent UV-Resistant, Cold Weather Resistant, Shrink-Resistant.

2. Workmanship

Hot air welder machine for the entire unit and D-rings as well as ropes for anchorage. Neat stitching, professional stitching machine, durable 12 strand nylon thread which is highly abrasion resistant and rot proof.

3. Sewing style

Double stitching & quadruple stitching; PVC reinforcement strips inside are stitched on all straight seams

4. Using long time

Overlapping both inside and outside with yellow straps. Then every pieces can hold each other very strongly, so the inflatables could be used over 10 years.

5. More steady

Upper anchor points on back and side of slide part, much enough for tying down the slide and make it more steady.

6. Safty air stop flap

Safe inside air stop flap. Everybody makes an air flap over the air release zip for protection, other than this, we make an additional air flap inside the air release zip, so when there is a sudden cut off of the electricity, it can make the air release slowly, so children will have more time to leave the inflatable.

7. Logo printing

Quality digital printing, Silk printing, hand painting, etc, with protection oil which makes the printing also lead free and UV resistance.

8. Widely application

Parties, amusement park, rental business,school training,festivals, backyard etc.

Our Superiority:

We focus on our design and production. Production high quality and safety product is our Mission. All our products are designed as your special requests.there are over 2000 different designs are available for your choice.

Our material is commercial grade PVC tarpaulin. It is water-proof, fire-retardant,. our PVC material higher strength and flexibility.

High quality Plato PVC(Made of high-strength, high-sealing Plato PVC mesh material, advanced heat sealing and pasting process, non-flammable) is used for all our bounce house, Water Slide,football field ,obstacle courses, Commercial Bounce Houses,jumping Castle and tents and other inflatable advertising products. Our material Non-stimulative to skin,non-toxicity and non-taste.You could be at ease use.Just make fun for the world.

We support digital print, silk print and hand painting.

The painting machine can prints quickly and in good quality.

The high level painting makes product will not be sticky and color fade,at the same time can help product picture sustain a long time.
