#### Descriptions:

Axe throwing has been a beloved past-time and pub game of many, now guests and party-goers alike can enjoy this fun game with a bit more safety.

Instead of wielding sharp wood chopping axes these axes are a lot more forgiving and are great for axe throwers of all ages and ability levels. The entire axe throwing station is inflatable as well as the target and axes which are outfitted with velcro tips that stick onto the target when thrown.

Host an ax-throwing competition and keep score of each guests score, host head to head axe throwing games, or split into teams and let the best team win.

Create a custom gaming area by adding other [giant games](#) and [interactive inflatables](#) to the event. Create a ticketing system where guests can cash in their earnings for prizes or custom branded prizes upon request.

Branded Experience Option: This game rental item can be turned into a branded interactive experience to promote your message, product, or company. When implemented correctly, creative engagement activities can improve your impact and conversions. Stand out at your next marketing activation or trade show.

#### Advantages:

##### Protecting Strips

As the inflatable games need to be used under the situation of constant jumping pressure, 10cm width protecting strips are added to each 2cm width side of the stitching of all the jumping surface

##### PVDF Sliding Material

The sliding cover is stick by the velcro, we use the special sliding material and it painted with PVDF. PVDF has its minimum friction coefficient, which makes players comfortable and having fun while sliding down smoothly from the inflatable slide

##### Digital printing, silk printing, or hand painting

will be used depend on the design, moreover, we will make a liquid protecting film on the surface of the digital printing so that it will not be sticky even though a long time. We use advanced technical machine, the Polaris 512 high precision guide rail inkjet printer. After the printing, we will cover a UV protection oil layer to keep the image bright and shiny. We also provide hand painting. Kids like it very much. Our excellent painter can draw different pictures as you want.

##### Double & Quadruple Stitching

Double stitching is applied to all of inflatable games. Moreover we use quadruple stitching or extra patches on all the stress areas like the bottom of the pillars, pop-ups, entrances, and high traffic floor seams to build the game stronger and safer.

##### Anchor Strips

Triangle anchor strips and D rings are equipped every 1.5m distance at the bottom of our products. It is also equipped every 3.5m height on the two side of our products for firmly fixed and against wind.
