Product Description

0.55mm PVC Tarpaulin 10x10m inflatable stunt air bag snow airbag for extreme sport

Descriptions:

stuntman(our test worker) jump from 3 floor, totally safety landing on the air-pillow structure zero shock stunt jump air bag, amazing, so cool!

This inflatable air bag is made with many inflatable air pillar inside, it provide a very nice buffer effect for free drop player. Our test worker jump from three floor, and landing on the zero shock jump mattress, feel very amazing and totally safety.

The air-pillar structure inflatable landing pad is more better than the classic big inflatable air bag, protect for the trampoline park foam pit, freestlye bike, BMF, snowboard, skiing jump and stuntman jump extreme sport safect protect equipment.

The size, color and logo printing can be customized as you wish.

All our airbags are produced according to the highest safety and quality standards. Our airbag material conforms with ASTM, EN71, and other standards. What is more, to avoid mistakes, we will make a 3D design as customers confirm the size, color and print can be changed till they say OK.
