Product Description

Semi Transparent 6m Hotel Inflatable Clear Bubble Tent With Tunnel And Bathroom

For the past few years, these awesome bubble tents have become one of the most sought-after around. They bring a whole new meaning to the word 'glamping' allowing you to reconnect with nature and stargaze with no obstructions, making for the perfect one or two night stay in nature. Perhaps it goes without saying that these bubbles are best enjoyed in the warmer months to avoid the epic chills that sweep the country in the winter time.

If you're looking for an inflatable bubble tent then you have come to the right place. We are going to review the best tents currently on the market, in particular, the Bubble Tent !

This product contained three-part: one-bedroom + one bathroom + one tunnel. You can put in your shoes and hats in the tunnel. The main chamber is the main activity area, and you can put a piece of bed with a size of 1.8m x 2m.

Its design concept is that Using low energy and fewer materials brings great comfort and harmony between people and the environment.

Enjoy the pleasures of 360 degrees of sightseeing by camping in a transparent bubble tent. It can be easily installed in parties, parks, amusement centers, backyard, gardens. Cheap inflatable bubble lodge for outdoor camping and beach sight-seeing. Built from UV-reflecting recyclable materials, these structures can be set up in a matter of minutes and create a romantic atmosphere.

As the bubble ball must be constant blowing type, it needs to be inflated constantly by a blower connecting electricity, so that people can stay a long time inside the tent; there is the iron frame on the bottom of the room and circle of the tunnel so that people can get into and out at any time, so this bubble tent needs a blower.

Bubble tents are taking camping and hanging out in the garden to the next level. Instead of lying in the darkness of an old school tent or sitting inside at home watching the rain, you could be in a transparent inflatable bubble tent. Warm and snug with space to walk around, protected from all kinds of weather, with a 360-degree panoramic view of nature in the day and the stars at night.

High quality and best after-sale service

PVC inflatable products are the airtight closed structure, it is soft and comfortable.

Configuration safety inflatable valve, full charge once, you can exhaust many times use, durable.

After deflating then folding packaging, lightweight and convenient, easy to carry, not occupy storage space. Product surface smooth, easy to clean, and sanitary.

our D-ring is stronger than others and they are closed. It is safer to use. And our D-rings are stainless and anti-corrosion to be used in the water area.

Strip: we have a special design with the strip. This is for stereotypes. It is often in 840D oxford cloth or PVC material. It depends on which one is more suitable.

Blower/air pump: we would send the most suitable blower for your products. We would consider the problems about the plug, wattage, voltage and so on. Our blowers are approved by CE, UL certifications, and so on.

We provide a repair kit for free, which including material and for repairing in case.

Description :

Workmanship :

- 1) It is noncontinuous/airtight type, Welding hot air by high-frequency machine ;
 - 2) As it is double layers, with many strong ropes connecting D rings on two sides to form an air layer, about 4200 D rings ;
 - 3) In order to make it stable and safe, we usually Install some D rings at the roof and the bottom of outside the tent as an anchor to fix it to the floor, The inner also needs to install some D rings to hang LED lights ;
 - 4) reinforce welding at the joint part
- Transparent PVC material: Its fixed width is generally 1.2m, Its thickness is 0.8-1.0mm; it can be waterproof and strong, the light transmission is very good, suitable for outdoor party, exhibition, meeting or others, besides, you also can choose other colors, such as green, red, yellow, purple, blue, etc.

For the package, we pack it in a roll and put it into a PVC bag, the air blower is packed in the carton ;

For shipping, you can choose by express, by air or by sea according to your needs.

For all the inflatable products (not including accessories),

Our warranty time is generally 14 months. if there is any quality problem, our factory will take the full responsibility to get it re-work, If failed, we will make a new one for you. Actually, when it is broken, it is easy to get it repaired, you only need to use the spare material and glue
