Product Description

Indoor and Outdoor Lovely giant pink pig inflatable playground with bubble tent cover

Product Description:

This is a lovely custom inflatable bouncer playground with a giant pink pig bubble tent cover, suitable for both outdoor and indoor kids playing. The original size for this model was 14m*7m. The shape, theme, size, color printing for this item can be customized to meet your needs, we'll provide you 3D design to check before the production. It will come with the air blowers to inflate constantly.

It will come with the air blowers to inflate constantly. Whether it is during a birthday, anniversary or another festive event. The amusement park is supplied compactly in one part and is therefore easy to transport to the place of destination.

If you own a castle business, we can attach your logo instead of the letters. The stretched ramp entrance could protect your kids from falling out. The bouncer could be set up in a few minutes and easy to deflate. The Double-Reinforced technique & lead-free PVC materials ensure the safety of our product.

FAQ:

Q: What are Inflatable amusement park Made of?

A: Commercial grade PVC tarpaulin, lead-free, waterproof, fireproof, UV protective. Besides, we use high-quality interior baffle materials and durable nylon threads.

Q: How do you do reinforcements and make high-quality Inflatable Amusement park?

A: We use professional commercial sewing machines, with strong threads to double stitch everywhere, quadruple or sextuple stitch for sensitive areas, reinforced strips at joints. We also use professional welding machines, high-frequency machines, automatic cutting machines and digital printing machines to ensure strength, durability, and longevity.

Q: Can you add logo printing on Inflatable Amusement park?

A: Yes. This is for free unless the printing area is big or the logo is customized and complicated. You may send us high-resolution artwork in AI, JPG, PDF or PSD format.

Q: How to blow up Inflatable Amusement park?

A: By electric air blower (s) which are included, we can match suitable power and plugs for you. It usually takes minutes to blow up depending on the design. Please make sure blower air hoses and hooks & loops fastener zipper openings (for quick deflation) are closed when in use.

Q: Can we use Inflatable Amusement park in winds?

A: Although we make anchoring tie-down D rings (usually 4 to 15 rings for every ground corner and higher points, depending on design) for stability, please use it depending on actual scene, we do not recommend use in strong winds more than

35Km/h.
