Type	Constant blowing system
Material	Plato 0.45mm PVC tarpaulin
Size	Customized
Color	Green and Blue
Logo	Available
Accessories	Equipped with 3 blowers and repair kits
Warranty	2 years

Details :

1. Constant blowing system : This Inflatable Slip N Slide need to be inflated constantly with blower connecting electricity .
2. Plato 0.45mm PVC Tarpaulin :
all our materials are purchased from Plato factory , a best material factory in China ;
Regarding material PVC Tarpaulin , It contains 3 layers which have double coated side with a strong net inside ;
It is okay to use 0.45mm in thickness as this city slide don't need to bear a bigger pressure .
3. Size 100m long x 3m wide x 2m high : It is so long that we usually would divide it into 3 parts , the first part is 30m long , the second part is 30m long and the third part is 40m long .
4. Accessories : as it has 3 parts , it would be equipped with 3 blowers , each part has one blower , it is no problem to blow one part with a blower .
5. Repair kits : including some spare material same as the city slide , come with strong PVC special glue .
6. Warranty : For this Inflatable Slip N Slide , we would guarantee 2 years . In warranty period , if there are any quality problems , we will take full responsibilities for instructing you how to repair and getting it re-worked , if failed , we will promise to make a new one for you .
7. Certificates : All our products have passed CE , EN71-2-3 , EN14960 , SGS , ROHS .
8. Package : PVC bags for the city slide ; Carton bag for blowers .
9. Shipping : Regarding this 100m long Slip Slide , the total weight is about 400kg , shipping by sea is the best choice if you don't need it urgently ; If you need it urgently , shipping by air is also a good choice . It depends on your needs .
10. Different sizes , color , logo can be customized . You know , all our products are OEM .

Application :

Regarding this type Inflatable Slip N Slide , It must be placed on a slope with 15-30 angles , both street and hill , so that people can freely slide to the end . Of course , you can add some soap foam on the slide to make it more smooth . Besides , when people are playing , you need to spray water with the water pipe . It is really funny and interesting .

Advantages :

1. Fast inflating and fast deflating
2. Strong and durable
3. Can be customized
4. High securities and long life
5. Good quality and competitive price
6. Best after-sales service
7. Strong stitching and double stitching
8. On-time delivery and fast shipping
9. Easy to get it repaired
