## Product Description

### Fire Resistant 0.9mm PVC Tarpaulin Blow Up Water Toy / Aqua Wet Slide for Water Park

#### Quick details:

- 1, Description: inflatable water slide floating game
- 2, Type: water slide
- 3, Size: 3.5m high
- 4, Material: 0.9mm PVC tarpaulin, anti-ripped
- 5, Color: Green/yellow/white or Customize
- 6, MOQ: 1pc
- 7, Workmanship: hot air welded.
- 8, Guarantee: with 2 years warranty

#### Descriptions:

The aqua wet slide is manufactured by hot air welded, all the connections, crosses are double covered to make sure it from leak, this is the best advantage compared to others. Besides, our hot air machine workers have been in this field for over 10 years, they are able to provide you a durable water game which can be used for 5-8 years usage life span.

The material we use is 0.6mm or 0.9mm thickness PVC tarpaulin from Plato Company which is the best in this field. The material is anti-UV, waterproof, fire retardant, anti-tear, so it can be used in rainy and sunny days, it has durable character for anti-aging. It is about 210kg, shipping it by air is a good choice if you only need this one item. 3-5 days for production and 3-4 days for shipping.

It is a customized product, just tell us the detail ideas of shape, size and color, we will design a perfect product matches you! Every idea from you will become lives.

People climbing up the top of the slide, and sliding down into water, how exciting and cool! There are hooks at the bottom to tie a weight for anchoring, it is stable and safe. Any sizes, shapes/designs, colors we can work them out according to customer requirements.

#### Applications:

The aqua wet slide can be widely used as summer water park, River, pool and water game parks, sun cold paradise amusement water park, for outdoor use, outdoor entertainment, backyard fun, festivals and carnivals, schools and daycares, churches and youth groups, corporate picnics and functions, grand openings and promotions, family use rental or resell business. and so on...

#### Packaging & Shipping:

1. For the finished product, we packed with strong PVC tarpaulin (same to the products). The PVC tarpaulin bag is durable enough to bear the impact during shipment. In order for you to find your products quickly, we print uniform logo mark on outside of the bag, and each bag we have printed image of what packed in too. Customized: you can choose to print your logo on the package. What you need to do is to send us your picture. We finish the rest.
2. Blower or air pump are packed by PVC bag or carton which is suitable for shipment, also been marked outside of the package, so that you can find them quickly and correctly. Different countries have 110V/220V voltage, and different plugs, it will be much appreciated if you can tell us what plug you want, or we will the plug your country use.
