- 7, once broken, it's easy to repair, get it fixed and working again.
- 8,come with pump , glue and spare material.

FAQ:

Q: What are Water Rollers made of?

A: durable PVC or TPU Material, 0.8mm or 1.0mm thickness available.

Q: Why TPU more expensive than PVC?

A: TPU is better than PVC mainly by following features:

- 1). excellent abrasion resistance
- 2). outstanding low-temperature performance
- 3). excellent mechanical properties, combined with a rubber-like elasticity
- 4). very good tear strength

- 5). high elasticity& transparency
- 6). good oil and grease resistance
- 7). more mycete-proof

Q: Can you design one specially?

A: Yes, send us details with a sketch or a picture, then we will design a 3D draw meets your requirements to you.

Q: Factory visiting ?

A: We own factory nearby GZ Baiyun International Airport, it is warmly welcome to visit our factory.
