#### Descriptions:

This product is very suitable for playing in water park, pool, lake and sea. People can climb up to the top of the slide tower, and then glide down into water, it full of exciting and cool feeling. It has anchored with heavy weigh for fixation, so don't worry about it will wave away or fall down.

This product is made form 0.65-0.9mm Plato PVC tarpaulin with water proof and fire resistant, so it can be used in the rainy and sunny days. It is heat sealed very well, once inflated, it can keep enough airpressure for playing at least 1 week. Any sizes, shapes/designs, colors we can work them out according to customer requirements.

#### Workmanship:

- 1) Reinforcement. We make reinforcements at every weak points like welding seams, inside baffles, connerect.
- 2) Durable anchor ring. For anchor ring, we use 316 stainless steel material which last longer than other metal in water.
- 3) Durable parts. All our parts like handles, anchor rings are welded instead of glue, it's not easy to peel off.
- 4) Stable Connection System. It has anchored with heavy weigh such as old tyer, sand bags ect for fixation.

#### Applications:

inflatable water toy / aqua slide can be widely used as summer water park , River, pool and water game parks, sun cold paradise amusement water park , for outdoor use , outdoor entertainment , backyard fun , festivals and carnivals , schools and daycares , churches and youth groups, corporate picnics and functions, grand openings and promotions , family use rental or resell business. and so on...

#### Advantages:

1. Reinforcement Belt: Double to fourfold stitches to make sure product firm and extend using life. more durable and long lasting.
2. Wind ring: The metal ring sited at the bottom of inflatable products to fix product and stop the swing
3. Blower pipe: 1.5 to 2 meters long PVC blower pipe to make sure that blow smoothly.
4. In front or sides of all inflatable products will add safety rules, remind or warning kids or player how to play the products, and protect the goods, lengthen life time of product.
5. We have collected a team of top designers who are professional in using software like Rhino, Maya, CorelDraw, Keyshot, Photoshop, CAD, 3Dmax, etc. We can design and produce any inflatable proeucts to match your needs, your budget, your plan and your place. All you have to do is catch an idea and we will do the rest for you!
6. We can also custom logos or slogans or other ads information on inflatables to better brand your event/ resorts/ parks etc.
