Descriptions:

Bubble tents are taking camping and hanging out in the garden to the next level. Instead of lying in the darkness of an old school tent or sitting inside at home watching the rain, you could be in a transparent inflatable bubble tent. Warm and snug with space to walk around, protected from all kinds of weather, with a 360-degree panoramic view of nature in the day and the stars at night.

1) the tent will be inflated by a fan which needs to continuously turn on 2) need to zip up the tent to avoid deflation 3) need about 10 minutes to inflate the tent 4) it is 4/5/6 meter in diameter of the bubble tent
