Descriptions:

Airtight inflatable water toys are made by high quality materails and advanced heat seal weld machine to ensure high airtight quality, just one time inflation will last a long time have enough airpressure for playing even under extremely low or high temperature. These inflatables are usually used as toy games for water parks, open seas, lakes, pools, etc.Any sizes, shapes/designs, colors we can work them out according to customer requirements.We add reinforcement strips for all our slides, so the items have good airtightness and more durable.For parts like anchor rings and handles, we use the big high frequency welding machine to weld on the products instead of glue on by hand. The parts and the main body are fused together so the quality is very stable and will not peel off.We install high quality air relief valve on our slides, so at hot noon it will release air to a safety airpressure level automatically.

Workmanship:

- 1) Reinforcement. We make reinforcements at every weak points like welding seams, inside baffles,connerect.
- 2) Durable anchor ring. For anchor ring, we use 316 stainless steel material which last longer than other metal in water.
- 3) Durable parts. All our parts like handles, anchor rings are welded instead of glue, it's not easy to peel off.
- 4) Stable Connection System. It has anchored with heavy weigh such as old tyer, sand bags ect for fixation.

Applications:

inflatable floating slide can be widely used as summer water park , River,pool and water game parks, sun cold paradise amusement water park , for outdoor use , outdoor entertainment , backyard fun , festivals and carnivals , schools and daycares , churches and youth groups,corporate picnics and functions,grand openings and promotions , family use rental or resell business. and so on...
