Descriptions:

People only have knowledge about inflatable toys like jumping castles, inflatable obstacles, inflatable fun city and other inflatable toys that can be placed on land only. But as the technology is moving with the high boost and every sector is now technology dependant and so is the case with inflatable industry.

Formerly, only inflatable toys were there only that can be placed on land only and in parks. But today we can see that there are huge inflatable toys that are placed in swimming pools and in sea sides also.

These inflatable pool toys and huge sea toys can place in the water and it will add up a great fun for the trip and also maximize your fun time. You need to place it over the water make the slide directly from there and enjoy your picnic at its best. Come and join us!

Material we use: It is made of 1.0mm PVC. All the material we use is from PLATO CHEMICAL which is the best and biggest material supplier in China. The material has been certificated by CE, EN14960, SGS, EN71, ROHS.

Advantages:

- 1 All the material is from PLATO CHEMICAL, the best and biggest material supplier in China.
- 2 All the water items are sealed by advanced hot air welding machine imported from Japan which has stable temperature to ensure the goods not over sealed or less sealed, so we can offer you very good jobs.
- 3 Any logo, color, design available.
- 4 The material will be cut by machine not by hand, so we can offer you a fast delivery.
- 5 Durable, soft playing feeling, repairable.
- 6 Easy assemble, move, put it away, in different occasions.
- 7 Once broken, it's easy to repair, get it fixed and working again.
- 8 Come with pump, glue and spare material.
- 9 8000 workshop, advanced imported machine and best quality accessories.
- 10 Before shipping, all the items will be tested strictly to make sure it work well.

Applications:

inflatable water roller can be widely used as summer water park, water game parks, sun cold paradise amusement water park, for outdoor use, or other purposes.
